OFFICE OF THE PRESIDENT,
CITY MUNICIPAL COUNCIL, MYSORE

Dated 12th June 1918

D 3327 Urgent

(1)

FROM

RAJASABHABHUSHANA, DIWAN BAHADUR,
C SRIKANTESVARA AIYAR, B A, B L,
PRESIDENT, CITY MUNICIPAL COUNCIL,
MYSORE

To

B. Ramaswamaiya, Enquire, B.A., B.L,
Secretary, to the Government of His Highness the
Maharaja of Mysore Revenue Department

SIR,

I have the honour to state that the following rates of fees are at present being levied on vegetables and other articles brought for sale into the Municipal Markets in this City every day -

(1) For each basket load 1 pie
(2) For each animal load 6 pies
(3) For each single bullock cart load 1 anna
(4) For each double bullock cart load 2 annas

But it is learnt an enquiry that the Contractors of these daily fees, have been from a long time actually collecting 3 pies per basket load on some pretext or other and in the absence of complaints from the parties it has not been possible to control this extra levy as no special establishment is maintained to check every such excess collection It is therefore clear that the Contractors have been profiting at the expense of the Municipality and practising on the credulity of the poor Vendors Improved accommodation in the new stalls, has also been provided for these daily Vendors at considerable expense and the Municipal Council has therefore a right to get adequate return on the money spent by them, in affording

affording convenience and comfort to the Vendors. The Municipal Council, have after careful consideration of these facts, resolved to revise the rates of daily fees on articles brought for sale into the Municipal Markets in the City- as follows -

(1) For each basket load 3 pies.
(2) For each animal load 1 anna.
(3) For each single bullock cart load . 2 annas
(4) For each double bullock cart load 4 annas

2. When this enhanced rate of daily fees is brought into effect , the Committee think that as far as Devaraja Market, which is the largest in the City is concerned, it would be desirable to collect the fees departmentally for about six months from 1st July next so that we may have an idea as to what amount can be realized, before putting up the right to collect the fees to auction, employing a temporary establishment for the purpose, consisting of the following -

2 Mutsaddis at Rs 15 each per month	Rs. 30/-
4 peons to watch at the 4 gates @ Rs.7/- each per month	28/-
Total Rs.	58/-

Non recurring expenditure for getting receipt books printed will amount to Rs. 50/-.

The total cost for six months would be Rs 58 X6 or Rs. 348 plus Rs. 50/- (non-recurring expenditure) =Rs 398/- or in round numbers Rs 400/- The income per month which is expected by levying the enhanced rate of fees now proposed, is about Rs. 400 per month, the present income per month being Rs. 146/- only calculated at 1 pie per basket load per day
